DETAILED ACTION

Notice to Applicant

1. This communication is in response to the Reconsideration filed on 07/05/05.

Claims 1, 3-19 and 21 are pending.

Claim Rejections - 35 USC § 103

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claims 1, 3-19 and 21 are rejected under 35 U.S.C. 103(a) as being unpatentable over Luchs et al (4,831,526) in view of Bosco and further in view of Aieta et al (6,839,689) for substantially the same reasons given in the previous Office Action, and incorporated herein. Further reasons appear hereinbelow.

Response to Arguments

4. Applicant's arguments filed on 07/05/05 with respect to claims 1, 3-19 and 21 have been fully considered but they are not persuasive. Applicant's arguments will be addressed in the order in which they appear in the response filed on 07/05/05.

(A) At pages 2-3 of the 07/05/05 response, Applicant argues the followings:

(1) Luchs and Bosco do not explicitly disclose wherein the insurance underwriting instrument is one of a fidelity bond or surety bond.

(2) Aieta is not prior art to claims 1, 3-19 and 21.

(B) With respect to Applicant first argument, Examiner respectfully submits that Aieta clearly teaches "the guarantee may include a commitment, a contract, a surety bond, or some other instrument that assures the protection of information" which correspond to Applicant's claimed feature (See Aieta, Col.5, lines 9-11). Therefore, Applicant's arguments are not persuasive and the rejection is hereby sustained.

(C) With respect to Applicant second argument, Examiner respectfully submits that Aieta filing date has been followed the provisional of the filing date of the application 60/154,945 which was September 21, 1999. Therefore, Applicant's arguments are not persuasive and the rejection is hereby sustained.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any

Art Unit: 3626

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

Conclusion

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
